PROJECT **Saksham**

Enabling Social Change through Collaborative Endeavours

LTTS AND LTPCT PARTNERSHIP

L&T Technology Services (LTTS) demonstrates a strong commitment to societal development through its Corporate Social Responsibility (CSR) initiatives. In alignment with the Companies Act 2013 and CSR Policy Rules 2014, LTTS' CSR policy framework aims to address critical societal needs through technology-driven initiatives. LTTS has been working in collaboration with Larsen & Toubro Public Charitable Trust (LTPCT) to implement transformative programs, focusing on digital literacy, financial literacy, skill development, and the holistic upliftment of underprivileged communities. Each vocational training course includes life skills such as soft skills, personality development, and other essential skills throughout the course duration.

DID YOU KNOW?

Since 2005-06, LTPCT has trained over 100,000 individuals through its skill-building programmes, achieving a 70% placement rate and reaching the most marginalised sections of society.

LARSEN & TOUBRO PUBLIC CHARITABLE TRUST (LTPCT), ESTABLISHED IN 2004 UNDER THE MAHARASHTRA PUBLIC TRUST ACT 1950, IS DEDICATED TO UPLIFTING DISADVANTAGED COMMUNITIES IN INDIA.

Supported by contributions from both employees and the company, LTPCT focuses on vocational training, water management, child development, and healthcare to drive visible, sustainable societal progress.

By partnering with NGOs, Panchayati Raj institutions, community members, corporates, and the Government, LTPCT has expanded its operations across five states, positively impacting thousands of

lives. Its Comprehensive Community Development Program prioritises process efficiency, result-based outcomes, and the integration of technology, social infrastructure, and gender equality to encourage women's participation.

Program Saksham is supported by LTTS, implemented by LTPCT, reaching out to 47 schools, 3890+ students and school dropouts across Navsari and Dang districts of Gujarat.

PROJECT Saksham

Enhancing Digital Literacy, Financial Education, and Vocational Skills through inclusive and thorough training initiatives. To address the demand for financial literacy

and technical skills in today's evolving job market, LTPCT is implementing Project Saksham at Anil Naik Technical Training Center (ANTTC), Kharel, Navsari, Gujarat. This initiative equips local youth with essential skills for personal and professional growth, focusing on two key training areas to prepare them for modern employment opportunities.

DID YOU KNOW?

With a placement rate of 78%, Anil Naik Technical Training Center has trained more than 6000 school drop out students till date. Through its residential program, it offers various trades to help students build sustainable careers.

Stories of Beneficiaries

Sonal Rameshbhai Tadvi, a 21-year-old from Kharel, embodies resilience. Despite her dreams of becoming a nurse and an IPS officer, she faced numerous obstacles, primarily due to her family's traditional views and lack of support. Only her grandfather saw her potential and encouraged her to attend Anil Naik Technical Training Centre (ANTTC).

At ANTTC, she enrolled in the Office Assistant course, which transformed her life. Now earning Rs.15,000 a month, she proudly contributes to her family's income. Sonal credits her success to the tutors who believed in her when few did.

Determined to pass the IPS exams, she keeps up with current affairs and studies diligently, despite skepticism from her neighbours. Her journey illustrates that perseverance and hard work can conquer adversity. As she says, "There is never a better time than now to march ahead. The more you dream, the more you achieve."

SONAL RAMESHBHAI TADVI, KHAREL

Jayshree Patel, a determined 19-year-old from Matvad, has transformed her life through sheer resilience and the support of the Anil Naik Technical Training Centre (ANTCC), despite facing financial hardships and personal loss. With her father's modest income from agricultural labor and the responsibility of supporting her younger brother after their mother's passing, Jayshree was driven to seek employment. She pursued a Bachelor's degree in Arts, completed Tally training at ANTCC, and later enrolled in an Office Assistant course. Her hard work paid off when she secured a job at Servall Bilimora, where she excelled in customer service and computer literacy. Despite her long daily commute, Jayshree's determination never faltered. Her success highlights the empowering impact of education and training, along with the support from her family and the programmes offered by the Larsen & Toubro Public Charitable Trust.

JYOTI ARVINDBHAI PATEL, KHAREL

“

We are grateful to LTTS and LTPCT for organising the Tally program under the Vidya Project for our 11th-grade commerce students at R.K.G. Swaminarayan High School, Italva. The training, conducted by Mr. Bhavik Dineshbhai Patel, was comprehensive, covering both theoretical and practical aspects. It has equipped students with essential computer and accounting skills that will benefit their future careers in fields such as banking, accountancy, and stock management. The international certification offered adds significant value to their prospects. We sincerely appreciate this initiative and hope it continues in the future. ”
